Chapter 146 To 150

Chapter 146

I know what to do. You can rest assured. " Said Suan.

Although she would like to ask where Gu Mocheng is? But the most important thing to know at this time is to send Gu Zhen to the hospital.

Gu Mocheng can call to show that he is all right.

The medical car at the airport will come soon, and Su an accompanies Mrs. Gu to get on the car. In the car, old lady Gu kept holding Gu Zhen's hand. She didn't panic as she had just known when Gu Mocheng had an accident. She just looked at Gu Zhen lying there with red eyes.

This kind of old lady Gu makes Su an feel worse.

When a person faces her husband's fainting, she doesn't cry, which only shows one possibility.

She was shocked that they loved each other so much that they had crossed the threshold of life and death.

When she arrived at the hospital, Gu Zhen was sent to the emergency room for treatment, and Su An'an accompanied her quietly. The old lady stared at the emergency room closely. She did not speak. Su an did not know what to say to comfort her.

People always have to grow old, and then face life and death and illness. Gu Zhen was too old to stand the blow of Gu Mocheng's accident.

Before long, Han longyi arrived. As he walked, he called Gu Mocheng and told him that he had arrived.

"Little sister-in-law, you accompany aunt Yan." Han longyi said to Su An'an that he looked at Mrs. Gu beside his eyes and hurried into the emergency room.

Han longyi and Mrs. Gu are both from the Han family, but they are not of the same origin.

"I'm sorry." Su'an felt that he was driving too fast, which made Gu Zhen faint suddenly.

Old lady Gu looked at Su An'an and said, "silly child, what's your apology?"

"I'm driving too fast." Said Suan.

Old lady Gu shook her head. She took su'an's hand. "If you didn't drive fast enough to pick up Mo Cheng's phone, he would have fallen earlier."

Gu Zhen will faint, can't stand the stimulation of Gu Mocheng's accident.

He tried to prop her up by force.

Su An'an listened to Gu's hand and shook it back. "Mom, it will be OK."

Old lady Gu smiled, "he's OK, I'll be OK."

This sentence completely revealed the thought in old lady Gu's heart. Gu Zhen fainted and she was too quiet. It doesn't mean that Gu is always aware of his physical condition and is ready to accompany him.

Su'an didn't know what to say. She could only hold Gu's hand tightly to make it not so cold.

I don't know how long I've been waiting. It's getting dark. Mrs. Gu's eyes are fixed on the operating room, but she hasn't moved.

At the back, Gu Mocheng came. He walked with a calm face and a big stride. His feet became flustered and eager.

Gu Mocheng looks at su'an and sees the old lady, "Ma."

"Here we are." Old lady Gu turned to look at Gu Mocheng.

"I'm sorry to worry you two." Gu Mocheng said apologetically that it was because of him.

Old lady Gu smiled. "When he was young, he wanted to create a heaven and earth to cover me and make me worry free all my life. It's covered, but your father's body is broken. "

Looking at old lady Gu's free and easy words, it's hard to hear.

"Mo Cheng, you can't make enough money. You have to take care of yourself in the future."

"I see." Said Gu Mocheng, sitting beside old lady Gu.

They said, the light in the operating room jumped off. Gu Mocheng stood up first and walked forward. Su'an turned to look at Mrs. Gu. Mrs. Gu grasped her clothes and didn't look past.

Han Longyi came out first and said to Gu Mocheng, "Mo Cheng, it's OK."

Hearing the two words "nothing", Gu Mo became relieved, and the old lady Gu who was sitting at the beginning even stood up.

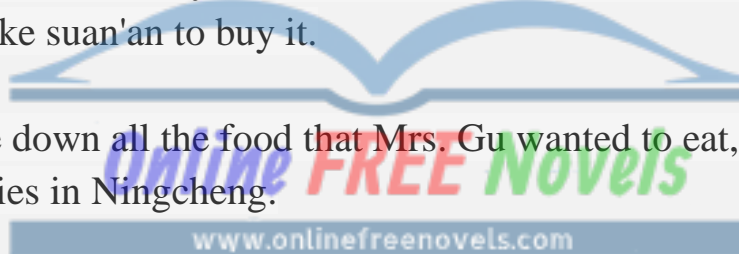

Su'an helps her to come forward, and old lady Gu sees Gu Zhen, who is still sleeping, and smiles, "you old man is really frightening."

As she spoke, she smiled.

In this short afternoon, Gu family had two false alarms. Gu Zhen is OK. She lives in the ward. When old lady Gu hears that he is OK, she watches Gu Mocheng come back safely. People are completely relaxed.

She felt hungry immediately. She ordered a lot of food with Gu Mocheng and asked him to take suan'an to buy it.

Su An'an wrote down all the food that Mrs. Gu wanted to eat, which were all famous delicacies in Ningcheng.

Two people out of the hospital, walking in front of Gu Mocheng suddenly stopped, thinking of the name of the food, su'an didn't notice the collision.

She looks up at Gu Mocheng.

I haven't seen him for a week. Gu Mocheng feels thinner in suan'an's eyes.

Su'an then thought of the plane crash and the despair and grief she thought Gu Mocheng was in. Her tears came out.

Gu Mo sees the good Su An'an crying and asks, "what's the matter?"

He reached for Suan and held him in his arms. "What are you crying for?" "I

thought you were really gone?" Said Suan, crying.

If he's gone, what about himself?

At that time, su'an's mind was in a mess, so he had an idea to go to the airport to find Gu Mocheng. Although she knew very well that it was useless for her to go to the airport after the plane crash.

"I'm here." Gu said, thinking of his parents' feelings.

These years, Gu Zhen's love for old lady Gu is in his eyes. Gu Mocheng even thinks that Gu Zhen has done too much.

But just now when he saw Mrs. Gu waiting outside the operating room, he suddenly felt that they loved each other.

Gu Zhen is willing to pamper his wife, while Gu Lao Ma likes to be pampered by her husband.

This is love, they are willing to use their own way to operate, there is nothing willing or not.

"I'm afraid you're gone." Su An'an cried. She threw herself into Gu Mocheng's arms and smelled the smell on him. She felt more uncomfortable and cried more.

Although it was evening at the gate of the hospital, there were many people coming in and out. Gu Mo saw that she cried so hard and hugged her to the car.

The car is quieter than the outside. Su'an, who is sitting in the passenger seat, is still sobbing. Her mood is more excited when she sees Gu Mocheng.

"Ann." Gu Mocheng handed over the tissue. "You saved me and my dad."

Su an an wiped his tears and looked at Gu Mocheng incomprehensibly.

"Before I got on the plane, I forgot to go to Xu Shi to help you with your necklace." As he spoke, Gu took a box out of the car.

"You don't mean that the gift you gave that day doesn't count. Wait until the day to make up for it."

Su An'an stared at Gu Mocheng, but she said casually, and Gu Mocheng remembered.

"So you rush back to get the jewelry and forget the registration time."

"Well." Gu Mocheng replied.

He looked at the tears in the corner of suan'an's eyes, reached out to wipe them off. "You said, did you save me?"

He and his assistant passed the security check. Before boarding, he thought of the jewelry he had put in the hotel room for suan'an. He hurried back.

By the time we fold back, the plane has already taken off.

They just need to buy one flight.

Because he rushed to get the jewelry, he forgot to call suan'an or take care of his family.

It's been more than an hour waiting to remember.

Gu Mocheng called their numbers of su'an and Gu Zhen. No one got through. In the waiting room, I saw the news that something happened to his previous plane.

Gu Mocheng guessed the reason why he couldn't get through to their phone and called Gu's old house. As he thought, Gu Zhen and su'an, three of them rushed to the airport in a hurry and forgot to take their mobile phones.

Chapter 147

He then contacted the person in charge of Ningcheng airport and asked them to find Guzhen at the airport.

The assistant said that it was lucky that he went back to get the gift to suan'an and delayed the flight, so they saved their lives.

So it was Suan who saved their lives.

If Gu Mocheng is gone, the elderly Gu Zhen and his wife, as well as Gu Ziming, who only knows how to play, will soon be swallowed up by other families.

"Ann, you are my lucky star." Said Gu Mocheng.

Su'an was said by him to shed tears again. "I have to bring gifts for my business trip in the future."

She said and laughed, and Gu Mocheng nodded back to the word "um", and su'an fell into his arms.

"Gu Mocheng, I love you!"

After this incident, Su an knows that she no longer likes this man, but deeply loves him.

When Gu Zhen fainted, old lady Gu had the idea to follow him.

Su An'an was thinking, if Gu Mo did something, would she have the same idea?

Seeing Gu Mo as an adult in the hospital, Su An'an has determined her mind.

She loves Gu Mocheng. She already loves him.

"If you don't, I'll go with you." Suan added.

A word fell heavily into Gu Mocheng's heart. Gu Mocheng suddenly felt speechless. No woman ever said such a word to him.

Even the love we talked about ten years ago has not reached the point of life and death.

Life and death depend on each other. He only sees it from his parents and his brother and sister-in-law.

"Don't be silly." Gu Mocheng said in a soft voice, and he put her in his arms.

Gu Mocheng and su'an bought dinner for Gu Zhen and old lady Gu. Gu Zhen is awake and old lady Gu is talking with him.

"Scare me later, try it." Said Mrs. Gu in an angry voice.

It scared her old life away. She wanted to live for a few more years, but she didn't reach the children of Mo Cheng and An'an.

"If I don't have it, you'll have to live well. Mo Cheng will be filial to you. "

Gu Zhen said earnestly.

Old lady Gu "hum" a voice, "this old man, just wake up, say what a mess of words."

"You're gone. I'll find another old man to marry."

Gu Zhen smiles and looks at old lady Gu.

Gu Mocheng and suan'an push the door in, Gu Mocheng opens the door first, "Mom, bought it back."

Old lady Gu took the lunch box in Gu Mocheng's hand. She took it and said, "your son has run a long way and bought you your favorite porridge."

As she spoke, she brought it out and fed it to Gu Zhen.

The door of the ward was opened. Han longyi came in.

Han longyi comes in and looks at Gu Zhen and Gu Lao Ma who are eating. He smiles and says hello, "Uncle Gu, aunt Yan is good."

"Long Yi, when will you find your daughter-in-law?" Old lady Gu is used to asking Xiao Yan and Han longyi about their life.

Now that her son has a wife, she prefers to ask them who are single.

Han longyi smiled. Instead of saying that he was not anxious as before, he looked at Su An'an and said, "soon, soon."

He is working hard.

Listening to Han longyi's tone, old lady Gu said happily, "do you have

someone you like? Which miss is it? Do I know you? "

Old lady Gu asked several questions at once, which made Han longyi hard to answer.

"Mom, you feed Dad first." Gu Mocheng reminded that old lady Gu focused on talking with Han longyi and fed porridge to Gu Zhen's mouth.

Gu Zhen didn't say anything, but old lady Gu talked to people.

"Second brother." Han longyi smiles at Gu Mocheng.

Gu Mocheng is clear in his heart and follows Han longyi out.

In the corridor, Han longyi hands Gu Mocheng a cigarette. He knows Gu Mocheng's temperament. When Gu Mocheng is upset, he needs a cigarette.

"Say it." Said Gu Mocheng.

"The old man is not very well." Han longyi said, "I woke up this time, but I'm not sure next time."

"My mother knows." Said Gu Mocheng.

The old lady knew that Gu Zhen was not in good health. She had prepared the shroud for herself and Gu Zhen two years ago.

"But don't tell my mother about it. Just say that my father is getting better. There is no big problem." Gu Mo's deal is waiting.

Han longyi nodded. He watched Gu Mocheng smoke and smoke.

"If the old man leaves, aunt Yan will not be able to stand it." Said Han longyi.

Gu Mocheng didn't speak and continued to smoke.

"It's not a good thing to love too much." When Han longyi said this, he thought of Su ruocheu.

If Su ruocheu didn't love the man named a Sheng too much, he would not have become a madman.

"Well." Gu Mocheng responds, thinking of what the little girl said to him. She said, he's gone, and she's going with him.

Before listening to this sentence, his heart was extremely heavy, which made him even more upset when he recalled it.

People will die, which can't be avoided.

Gu Mocheng will not be ten years older than su'an because he will not dare to be nice to su'an in the future. On the contrary, he suddenly feels that he should be better to the little girl.

In this way, life will not be ruined by him.

In the ward, suan'an sat and watched the picture of old lady Gu feeding Gu Zhen, feeling very warm.

"Ann, you are good at driving." Old lady Gu said suddenly.

Now that everything has been settled, Mrs. Gu thinks back to the feeling of sitting in the suan'an car, and feels extremely breathtaking.

"You drive better than Ziming."

Gu Zhen and old lady Gu have been in Gu Ziming's car. Gu Ziming is fond of playing. She drives very fast, which makes her afraid to ride in his car again.

"I" Suan blushed as she settled down. "I didn't know I was driving so well."

She lied, and old lady Gu chuckled, "right?"

Obviously, old lady Gu doesn't believe su'an's words.

Old lady Gu said with a smile, "Cheng Cheng hates other people's racing."

"Does he know you drive so hard?"

"Don't talk to him." Suan was in a hurry.

www.onlinefreenovels.com

Su'an doesn't want to make Gu Mocheng angry.

"Oh." Old lady Gu looked at Gu Zhen, smiled and said, "don't say no."

"But did you really drive so hard in the first place?" Old lady Gu said, "Ann, if we don't tell you the truth, you have to tell us the truth."

Su An'an knows that he can't hide his car racing from the old lady and Gu Zhen.

"I learned to drive two years ago, and I compared with other people in the underground circuit." Said Suan in a soft voice.

Old lady Gu was stunned. She thought that little girl wanted to play and drive so fast. She didn't expect that suan'an would go to the underground racetrack to race with people like Ziming.

If Mo Cheng knew this, he would be absolutely angry.

"I'm racing with people to make money." Said Suan.

She bowed her head and told the truth for fear that Gu Zhen would be angry with my husband.

"You mustn't talk about it together." Mrs. Gu thought about it and said.

"Ah!" Su'an thought they would be angry, but she didn't think Gu would say that.

She raised her head and looked at Gu Zhen and his wife in surprise.

Gu Zhen has no problem. He always listens to old lady Gu.

"Ann, did you hear that?" Old lady Gu repeated, "Mo Cheng hates this kind of thing the most. If he knew that his wife ran to the underground racetrack, he would be very angry."

Gu Mocheng gets angry. She can't even be a mother.

"Oh." "I won't go in the future," said Suan

"This kind of thing is dangerous. Don't go." Gu said, and continued to feed Gu Zhen porridge.

Chapter 148

Gu Ziming really guessed right. He ran to race with others. Old lady Gu would let Gu Zhen break his leg. Knowing that su'an had been racing, she joined Gu Zhen to hide from Gu Mocheng.

There's no way. Gu Laofu's heart thinks that his son has managed to beg for his wife. How can she break them up?

Besides, su'an's car skills are much better than Gu Ziming's. young people, there's nothing wrong with pursuing stimulation. When she was young, she was not the Lord of peace.

In the evening, Gu Mocheng asks the driver of the old house to come and send Suan and Gu laoma back.

Old lady Gu doesn't want to leave. She wants to accompany her in the ward.

Gu Mocheng can't help but she knows that she and Gu Zhen have deep feelings, so she lets su'an go back first.

As Gu Zhen's only son, he must stay here at this time.

Suan didn't say much. She listened to Gu Mocheng's arrangement.

As soon as Suan left, Mrs. Gu praised her.

"Ann is such a sensible girl. Your father and I are very satisfied."

Gu Zhen pales her face. She likes it if she likes it. She has to be involved.

This Suan is not smart on the surface. She can do red wine, mahjong and racing. But the girl's heart is not good, which can bring happiness to her son.

So when the old lady talked about su'an's excellent car skills, he didn't find out that su'an was good at drinking and would play mahjong.

It's not easy to meet someone you like all your life.

"You will be better to others in the future." Said Mrs Gu. "Don't bully her with your age."

Gu Mocheng is speechless. Can his mother talk less about things older than Suan?

"Your father and I are old and will soon step on the coffin. You and su'an are supporting each other." Old lady Gu's tone suddenly faded, and Gu Zhen frowned.

"Han Yan." Gu Zhen was annoyed.

He didn't like to care about the old lady's mention of life and death. He knew that once he was gone, she would definitely follow him.

But he thought about her life.

Sometimes I wonder if I'm so kind to her that she can't live without him.

However, after all these years, I have been used to being good to her. It is impossible to give up being good to her because of birth, old age and death.

Seeing Gu Zhen's calm face, old lady Gu immediately closed her mouth.

At ordinary times, watching her drink to and fro to Gu Zhen, she was afraid when Gu Zhen was really angry.

"Mom and Dad, you take care of yourself. It's the best for me." Gu Mocheng said from the bottom of his heart, "Ann and I will be fine, and have a grandson as soon as possible to make you happy."

It's hard to hear that. Mrs. Gu is very happy.

"Well." Gu Zhen answered first.

"You go back to accompany Ann. My aunt and I take care of you." Old lady Gu urges Gu Mocheng to go back.

Gu Mocheng didn't listen to old lady Gu. He got up and lay down in the bed beside him.

He took up the bed and left the room for Mrs. Gu.

Gu Zhen is ill. How can he leave as a son of man? Nothing is more serious than taking care of your father.

The next day, Su an got up early and went to the hospital with the breakfast made by the old house servant.

On the other side of the school, because of Gu Zhen's relationship, she was absent badly, but because of her good scores in the exam and the greetings from the president and the professors, no professor deducted Su an's score.

She came early. She had to knock on the door to enter. The door of the ward opened. Gu Mocheng came out.

"Husband." Seeing him, Suan called with a smile.

She raised the incubator in her hand and said, "bring you breakfast."

Gu intended to go downstairs to buy breakfast for Gu Zhen and his wife. Seeing the lunch box in the hands of suan'an and his servant, Gu said, "well."

As he spoke, he took the incubator in Suan's hand.

Su'an followed him and took up his empty hand.

Gu Mocheng glanced at him, but he didn't break away. He took su'an's hand and went inside.

Old lady Gu is still in the room to rest. Old man Gu has woken up and is lying in bed reading the morning paper.

When he saw Suan stupefied, he didn't expect him to come so early.

"Ann will bring you breakfast." Gu Mocheng said, put the lunch box at the head of the bed.

Gu Zhen's eyes fell on Gu Mocheng's and su'an's hands. Because of his gaze, su'an shamefully opened his hands and Gu Mocheng didn't take it seriously.

There is nothing wrong with holding his wife's hand.

"We need to hold hands when we come to a ward." Gu Zhen said in a low voice, and continued to read the newspaper.

But when he looked down, the corners of his mouth were slightly raised.

I haven't seen my son's smile for a long time, let alone his son's maintenance of a girl.

Gu didn't look back at Zhen. He looked back at su'an and motioned her to sit on the sofa next to him. He took out the breakfast and took care of Gu Zhen.

Gu Zhen disdains, "I haven't reached the point where I can't move my hands. Put down the chopsticks, and go with the little girl."

"The man who feeds you is not right." Said Gu Mocheng.

Last night, Mrs. Gu could feed her for half an hour. It was dinner, water and fruit.

After Gu Mocheng finished speaking, he went to the sofa and had breakfast with Su An'an.

Su An'an didn't eat either. She looked at the meat bun in the bowl, looked up at Gu Mocheng, who was drinking porridge beside her and couldn't help chuckling.

Last night, she went back to Gu's house and couldn't help laughing at Gu's confession in the car.

The news of Gu Zhen's illness spread, and Gu Ziming came first.

It was too late yesterday. Gu Zhen and his wife didn't let Gu Mocheng call Gu Ziming. They mean that Gu Zhen is OK. It's useless to let Gu Ziming come, but it's just one more to worry about.

In the morning, Gu Ziming received a phone call from Gu Mo Cheng and hurriedly rode the locomotive to come over.

"Grandpa." As soon as Gu Ziming ran into the ward, he called to Gu Zhen, and as he said that, he went to check Gu Zhen.

"Ziming, I'm fine." Said Gu Zhen.

"Scared me to death." Gu Ziming said nervously that he was sweating.

His parents died early, and he followed Guzhen and his wife since childhood. Although he was scolded by Guzhen because of his mischievous behavior, he had a deep relationship with his grandparents.

"I have nothing to do with you. You are all too nervous." Said Gu Zhen.

"Grandpa, how are you? We are good." Gu Ziming said with a smile that he was relieved to see that Gu Zhen was OK.

He then called Gu Mocheng and said, "it's the same with the second uncle. He called me in the morning and didn't tell me about Grandpa. He made me sweat all over."

He said that he came to the side of old lady Gu, "grandma, do you smell it?"

"Son of a bitch." Old lady Gu swung her hand and hit him on the back.

"You say your uncle behind your back, not afraid that he will hear you." Old lady Gu followed.

When he mentioned his second uncle, the smile on Gu's face suddenly faded. Before he spoke, he heard the footsteps behind him. Turning around, he saw Gu Mocheng leading su'an in.

Gu Ziming got up from the bed and shouted to Gu Mocheng, "second uncle."

As for su'an beside Gu Mocheng, he ignored it.

Let him call the "second aunt" of su'an, who is smaller than himself. I can't really call him out. It's still su'an who has a festival with him.

"Call people." Old lady Gu reminded me.

Gu Ziming refused to call, and Gu Mocheng did not speak. He stared at him with a calm face. Seeing Gu Ziming all over, he had to open his mouth.

"Good second aunt."

Chapter 149

Su an an chuckles and opens her mouth to say a silent "lovely".

Seeing Su An'an's complacent appearance, Gu Ziming wants to stare back, but seeing that the second uncle is holding Su an's hand so tightly, we can see that the second uncle is very precious to his wife.

"Er Shu, where did you find your wife? Listen to grandma, she is smaller than me. " Asked Gu Ziming.

"Smaller than you." Gu Mocheng said quietly that he had sat down on the sofa holding su'an's hand.

He repeated what Gu Ziming said and was dissatisfied with what he said.

The truth is bigger than Suan, and he doesn't like to be told it over and over again.

Seeing that his second uncle is not happy, Gu Ziming dare not say small things about su'an any more. He smiles and flatters Gu Mocheng. "The second uncle is powerful."

As he spoke, his eyes fell on suan'an. "By the way, I know a girl with the same name as her second sister-in-law."

"There's an in her name, too."

Gu Ziming said it on purpose. Seeing the panic on Su an's face, he continued, "her name is he an."

Su'an stares at Gu Ziming. Isn't her name on the racetrack he'an?

"He an is very good. She has a very good technique of racing." Said Gu Ziming.

He proudly raised his eyebrows at suan'an. "Second uncle, do you know? She used to race with me and beat me. "

"Son of a bitch." When Gu Ziming spoke vigorously, he was kicked by old lady Gu, "what are you chatting about here?"

"Truant for me every day? If you don't study hard, you often run for a fast car! "

Saying that, Gu Laofu is going to kick it again.

Gu Ziming quickly flicks away and looks at old lady Gu wrongly.

"Grandma, you called me to go home to play truant last time." he didn't finish his words, and saw Gu Zhen on the bed sink his face and stare at him.

Gu Ziming did not dare to go down. He saw that grandpa and grandma plus su'an were on the same front. If he dared to talk, they would kill him.

"Call me home and kneel on the washboard." Gu Ziming lowered his voice, took what he had just said and changed his meaning by the way.

Old lady Gu bullies Gu Ziming. Gu Mo has a lot of prejudices. He never interferes. Although old lady Gu can hit Gu Ziming, she knows that she won't really hurt him.

Gu Ziming is the only child left by his brother. Both of them are in pain too late. How could they really have a fight.

"Mom and Dad, I have something to do. Let's go back to my family first."
Said Gu Mocheng.

Listen to Gu Mocheng to leave. Su an looks at him anxiously.

Before, he was not so sticky. After the accident at the airport, she couldn't see him for a moment and thought that she was surrounded by others. Even if she looked at him from afar, her heart was full.

"I'll be here at five." Gu Mocheng felt su'an's reluctance, looked down at her, and said softly, "darling."

"Well." Su an an nodded. In front of Gu Zhen and Gu Lao Ma, she could not kiss him.

Darling? Gu Ziming thought that he had heard it wrong. His second uncle said the word to su'an, and su'an was very clever.

Su'an is not so obedient in front of him. Don't be cheated by su'an if you are so smart.

"Uncle Er, some people are different from each other. You need to polish your eyes." Gu Ziming reminded that when he had finished speaking, old lady Gu said angrily, "what are you talking about, you stinky boy?"

Gu Ziming looks at the old lady and gets angry. He thinks he is wise and keeps away from the old lady.

Gu Ziming shut up. He's very aggrieved.

After Gu Mocheng left, four of them remained in the ward.

Gu said directly to Gu, "don't talk about your aunt's speeding in front of your uncle. If you dare to say more words, I will beat you to death."

"You all know?" Gu Ziming said in surprise. He looked at su'an and then at old lady Gu. "Grandma, she's racing!"

"Well."

"Don't talk to uncle Er." Gu Ziming asked how good he had said to his second uncle, who would have beaten Suan angrily. In this way, he was relieved of his anger in Suan.

"You dare say, try." Old lady Gu threatened.

"She's faster than I am." Gu Ziming stressed his voice and said.

Old lady Gu said, "what's the matter? You dare to tell me if you're not as good as others. "

Gu Ziming listened to old lady Gu's words, and the whole person was stunned.

Grandpa and grandma are united to protect suan'an, and then hide the matter of the second uncle suan'an's racing.

"Ziming, do you hear me?" Said old lady Gu.

Gu Ziming is threatened by old lady Gu. He can only nod his head. He turned to look at suan'an, who dared to laugh at him in front of his grandparents.

But what can he do?

Suan'an is his second aunt. If he offends su'an, he offends his second uncle and grandparents.

Gu Ziming can only endure the anger of su'an for a while. Su'an happens to meet Han longyi when he leaves the ward. Before Han longyi was busy with Gu Zhen's business, Su'an didn't have time to communicate with him about his sister's illness.

www.onlinefreenovels.com

She saw Han longyi, and Han longyi also saw her.

However, when Han longyi saw her, he turned around and wanted to leave.

"Han longyi." Cried Suan.

There are too many things happened in this period. First, she was beaten, then thought that Gu Mocheng had an accident, and then Gu Zhen fell ill. One after another, she didn't have time to talk about her sister with Gu Mocheng, or go to the Su family to see her sister.

Han longyi is stopped by su'an. Instead of stopping, he speeds up his steps.

Su an ran to stop Han longyi.

"Han longyi."

She stood in front of Han longyi and looked at him strangely.

What's the matter? He saw that he was going to hide. Did something happen to his sister?

"What happened to my sister?"

Han longyi said, "she's fine. She's fine."

"Nonsense." "She's fine. Why are you avoiding me?" she said

"Isn't she in a bad mental state, or is she getting worse?" Su an anxiously grabs Han longyi's hand.

She is catching, but seeing is touching in other people's eyes.

"It's really OK." Han longyi affirms, "you have to believe my medical skills."

In the second half of the sentence, Su an believed.

Han longyi's medical skill is very good. Otherwise, how can Jiang's side rush to see Han longyi for Jiang Shengxu.

Gu Zhen falls ill. The first person Gu Mocheng calls is Han longyi.

"Your sister is fine, really." Han longyi promised.

"Then what do you see me hiding from?"

Han longyi laughs. "Isn't that afraid of his misunderstanding?"

"Last time I saw you back home, I was just seen by my second brother. The second brother scolded me for being close to you. "

"Is it?"

As she said that, Su An'an's mouth overflowed with a smile.

Gu Mocheng will be angry, indicating that he cares about her.

Han longyi looks strange, "what are you laughing at?"

"No, no, No." "You're good enough to treat my sister," said Suan. "Don't give her any advice."

Han longyi didn't respond to her words. He thought in his heart that he was already fighting.

Su'an learns from Han longyi that her sister is OK, and she leaves at ease.

Han longyi looks at the back of su'an's departure and thinks of Su ruocheu, who recovers his mind from the top floor of the Su family.

"Dr Han, please do me a favor?"

He went to Su's house last week. He was used to chatting with Su ruocheu and telling her about things outside.

Su ruocheu suddenly looks at him, her eyes are clear, different from the chaos before.

"Dr Han, do me a favor."

As she spoke, she looked out. "I want to go out."

Chapter 150

I need a box that can hold people." Su ruocheu said to him lightly.

Because she didn't speak very much all year round, she spoke very slowly, but her voice was extraordinarily soft, which made her comfortable to listen to.

Han longyi wondered why Su ruocheu wanted a box. He hid in the box and left the Su family? Let's talk to Suan about the plan to leave the Su family.

"Don't tell Suan about it."

As he was thinking, Su ruocheu said.

Han longyi was stunned and didn't think her mind could be seen through so easily.

The woman in front of her is thin and white. Her cold face brings a sense of alienation, but Han longyi wants to approach her inexplicably.

"Good." He asked, laughing.

After that, Su ruocheu continued to look out of the window. She didn't pretend to be silly in front of Han longyi any more, but he ma gave her food. She recovered her stupidity and said the name "a Sheng" in her mouth.

Knowing that Su ruocheu has recovered his mind, Han longyi is really thinking about that man when he thinks of her voice "a Sheng".

He can't help but feel heartache for the love that he died before he started.

On the way back to the ward, su'an met Gu Ziming, who led her to the stairway. He looked at su'an and said sarcastically, "you are so kind to other men with your uncle on your back."

Suan was baffled by what he said and didn't want to talk to him.

"Just now you touched Han longyi's hand. You said that uncle Er knew whether he would chop your hand or Han longyi's."

"Han longyi has a good relationship with his second uncle. He should be able to cut off your hands."

The second uncle can't offend him. If anyone offends him, he will repay him a thousand times and a hundred times.

"No nonsense with me." Said Suan in a calm voice.

She was not afraid that Gu Mocheng would cut off her hand, but that he would be angry.

"It's OK to say nothing." "There is a game next month, we will play again," guziming smiled proudly

"I won't go." Su'an refused directly.

She didn't dare to go racing again and do something Gu Mocheng didn't like.

"No?" Gu Ziming picked up his eyebrows. "OK, then my uncle and I said, you and Han longyi are very close, hand in hand."

"You dare." Su'an clenched his fist and threatened.

"He won't believe it." Suan added another sentence.

Gu said, "yes, I don't have photos or videos. Uncle Er can't believe it. But I said, the second uncle will be angry. "

"Uncle Er is stingy." Especially for their own things, full of possessiveness.

"The prize is five million this time. If you win, suan'an, I won't have to run naked." Said Gu Ziming.

Streaking? She didn't have to run naked.

It's Gu Ziming who is stupid. What kind of underpants dance do you want to listen to her.

"Plus my locomotive."

Waiting for suan'an to participate in the competition, he called uncle Er to the scene and let him see for himself how his wife was racing!

Think about that time, Gu Ziming is happy.

"Locomotive?" Thinking of Gu Ziming's handsome locomotive, Su an was moved.

Still, she couldn't go.

"How is it?"

"No." Su said, "if you frame Han longyi and me in front of Mo Cheng, I will tell my parents you let me race."

As soon as Gu Ziming thought that his grandparents were partial to suan'an, he didn't want to talk.

It's really depressing. He's going to be beaten for racing. They boast that su'an is good at racing.

"Gone." Seeing Gu's honesty, su'an turned out of the stairway.

Instead of going back to the room immediately, Suan found a place where no one else could call Fu Xin.

"Small core."

Recently, Fu Xin and Su an chat with wechat every day, she knows.

"Is Mr. Gu better?" Fu Xin cares.

She knew from Su An'an's mouth the feelings of Gu Zhen and old lady Gu. She was envious.

It's not easy for a man and a woman to love each other until they are old. Not every couple can go to the end. Like her own parents, she divorced because of emotional discord, and her mother took her to the Lu family.

"Well, much better." Suan replied.

"Xiaoxin, remember I told you that Mingshao is Gu Mocheng's nephew?"

"Well." Fu Xinying said that the world is so small that Gu Mocheng's nephew is the one who always opposes them.

"He said there will be a race next month at the underground racetrack, with more than five million people winning."

Hearing so much money, Fu Xin said excitedly, "so much money."

"Ann, do you want to go?"

"With your skill, you can't get the first, and the second is no problem."

"No," said Suan

She was very moved, especially Gu Ziming took out his locomotive to make a bet, but thought of Gu Mocheng, she could not go. "No?" Fu Xin replied, "you really want to go, otherwise how can you call me and say it?"

Fu Xin knows about suan'an and wants to go for the prize money. There are many experts in this kind of race. For a racing driver of suan'an's level, the opponent is very important.

"Ann, if you go, I will accompany you."

Both of them play together. Fu Xin's courage is very strong trained by suan'an.

"Forget it." Suan thought about it and refused.

"Afraid Gu Mocheng knows?" Fu Xin asked, "you use a pseudonym. You find an excuse to go out. Gu Mocheng doesn't necessarily know."

Suan was silent and did not speak at once.

She likes exciting car racing, but when she thinks of Gu Mocheng, she knows how to be rational.

"Ann, you should let Gu Mocheng know all your things. Since he likes you, he must like all of you. You obviously like racing, so tell him

"He can't take it. There's no way."

Suan said lightly, "he can't accept it. What can I do without it?"

She has been deeply in love with Gu Mocheng and doesn't want to lose him.

"If he can't accept it, he doesn't fall in love with you completely."

Fu Xin's words make su'an hard to hear. She doesn't want to tell Gu Mocheng about her own things. What she's afraid of is that Gu Mocheng doesn't love her enough. When she knows her true face, she doesn't want her.

Love a person, think a lot, afraid not as good as each other, and then be dumped.

Fu Xin understood that Su an was worried about gain and loss, and did not persuade him to go on.

After finishing the phone call with Fu Xin, Su an went back to the ward and saw an old lady go out from inside with a calm face. She felt that the old lady was familiar with her eyes, and fixed her eyes to see that it was old lady Jiang.

The door of the ward was open, and Suan stood at the door, not greeting her.

Old lady Jiang gave Suan a cold look and passed by her.

Old lady Jiang's glance made Su an uncomfortable and even frightened.

Su an goes in, Gu old lady's facial expression is not good, say to Su an, "throw everything that she sends to me."

Su'an responds. Gu Zhen doesn't stop him. He watches TV with the remote control.

Seeing su'an take out the fruit basket and throw it, old lady Gu's face relaxed.

"I don't know what kind of fruit the old woman is coming to send. I don't know Ann's heart!"

"In the future, she can't enter the old house!"

Gu Zhen's health has improved. After staying in the hospital for a week, he really feels sick and must be hospitalized.

Unable to stand Gu Zhen's request, Gu Mocheng went through the discharge procedure for him.

They also went back to their old house and lived there. Su'an went back to school. No matter how good she was, she had to make up for the lessons she had left before.
